## Harry Wright International

Established in 1975, Harry Wright International is the Premier Swim Club in Hong Kong and has been offering a successful programme of swimming lessons and training for

children, from professional swimming instructors and coaches. The company's name is taken from its founder, the late Captain Harry Wright, who wanted to develop the sport of swimming in Hong Kong, after taking up residence here in 1974. The 'Wright' family soon became a well known name within the world of swimming in Hong Kong. Currently there are over 2,000 active swimmers within the aquatics programme organized by Harry Wright International.

Our programme of lessons is designed to give children all the skills they need to benefit and enjoy the sport of swimming as well as providing pathways of excellence for competitive swimmers. Harry Wright International prides itself on taking care of the individual needs of each child ensuring every swimmer reaches their maximum potential in swimming. To achieve this our instructors and coaches take steps to ensure each child develops at their own pace with constant monitoring of their performance throughout every stage of the programme.

Our organization is global with instructors and coaches from various countries

including England, Australia, China, Hong Kong and Germany. All lessons are taught in English.

To complement our programme we offer various motivation and reward systems to celebrate small wins and grand achievements throughout the journey of swimming. Further we understand the necessity of social, competitive and external activities to create a team spirit within our swimmers. Our elite group of swimmers regularly competes in local and international events every year.

### Everyone wins

A vital element in Harry Wright International holistic swim coaching programmes is the organization and implementation of regular age group competition both locally and at an Asian level. Harry Wright International staff are fully involved and committed to arranging and supervising competition for all levels of talent, ensuring that everyone wins: Elite swimmers are able to maximize their potential, while those with lesser gifts are challenged to levels of excellence - and confidence - they might never have thought possible.

### Leaders in swim coaching - based on results

Harry Wright International performance is based on results. From tiny tots to top international talent, we have trained many top local Asian and International swimmers with a quarter of all national records held by current and past Harry Wright Swimmers.

# Mission

Harry Wright International is the leading provider of swimming instruction for the community. This is achieved through:

- Providing modern and progressive curricula in a positive learning environment that ensures progression, talent identification and pathways of excellence for all swimmers.
- Creating age and ability specific programmes that cater to the needs of ALL age groups
- Employing quality instructors and providing them with ongoing professional development and resources to ensure their instruction is up to date with modern methodology and teaching practices.

# Values

Harry Wright International instructors and coaches have a passion for the sport of swimming and a desire to pass this passion onto their swimmers and do this by placing the needs of the children and swimmers first. This is achieved through positive reinforcement, encouragement of efforts, celebration of small achievements and recognition of performance. Every activity has a purpose and all lessons should create progressive transitions to ensure continuity of instruction throughout the session.

# Staff

At Harry Wright International we believe the RIGHT people are the most important resource for providing quality service to our customers and our staff are committed to teaching excellence within the sport of swimming.

# Infant Aquatic Programme

## **Parent and Infants (4 months - 2 years )**

*Parent assistance required*

Parent and infant classes can be started once your baby is 4 months old. These are very rewarding lessons for both parent and baby – the coach will teach the parent everything needed to enable the baby to start swimming such as how to submerge the baby in a safe and relaxed way. Many varied activities will keep this class great fun for baby and develop all the skills needed as they progress in age and physical capability.
